- 16 **Exploring possibilities using Flare 12**
Homer Christensen
Diving into the new version of MadCap Software's Flare.
- 20 **Budget, business case and beyond**
Rachel Johnston
Explaining how a business case is about more than money. Done well, it provides a secure foundation.
- 23 **Seeing a new bigger picture?**
Fergus Cloughley, Paul Wallis and John Burns
Talking OBASHI: a methodology to help understand, visualise and document how your organisation works.
- 28 **Become more productive and motivated**
Mattias Sander
Looking at a methodology. Can ideas and methods from Lean manufacturing make you more productive and motivated?
- 33 **Is your job affecting your health?**
Craig Wright
Explaining how thought processes we use in our work can become habits that have a negative effect on our home lives.
- 36 **Is your translated data secure?**
Sean Marlow
Looking at your translated data. How secure is your intellectual property? Is translation a back door, creaking long after the horse has bolted?
- 40 **How mobile is changing our industry**
Neil Perlin
Considering the future. Will technology users in the future expect to get documentation in the same as news or social media?
- 45 **Creative DITA and specific requirements**
Joanna Kusiak
Describing how to overcome three main DITA challenges after designing a course from scratch.
- 48 **Communication – naturally**
Tim Clabon
Looking at what we can learn from our natural environment. How do plants and animals communicate?
- 52 **Creating VBA loops: part 2**
Mike Mee
Looping the loop to save repeating code using Word VBA macros.
