

12 Estimating documentation projects

Geetha Haridas

How long will it take to write an introduction? An installation guide? Recommending a framework for estimating documentation.

30 Podcasts on technical communication

Ellis Pratt

What is a podcast? Describing what they are and listing podcasts that you can listen to, so you can learn more about technical communication.

15 Chatbots for technical documentation

Alex Masycheff

Discussing how structured content enables you to build a conversational UI and use chatbots to provide user assistance.

32 Marcomm and techcomm integration

Noz Urbina

Proposing a win-win-win situation where marketing communicators and technical communicators work together.

18 Multilingual technologies

Libor Safar

Looking at the soar in messaging technologies in the travel and hospitality industries.

36 Communicator: the editing process

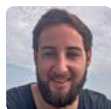

Katherine Judge

Delivering a quarterly journal takes planning. Conveying the steps involved.

22 Taking advantage of translation software

Jake Cahill

Exploring how writers can use translation software to both improve translation quality and reduce translation costs.

25 Publishing for print and web from ST4

Phil Lane

Explaining how SCHEMA's ST4 helps you to single-source dynamic outputs of your content.

28 Dynamic images in work instructions

Carl Johnson

Sharing Condesign's experiences with lean technical documentation in manufacturing.
